

Volunteer Photographer

What I can offer to local non-profit organisations:

- Good communications and commitment, once arrangements are complete;
- To behave in a professional manner;
- Experience of working with adults and children, including DBS checks;
- To get the best quality shots that I can;
- To provide electronic versions of images, at no charge to the organisation who must then assume responsibility for their use.

What I do not offer:

- To say yes to all requests;
- Printed materials (you can print from the electronic files);

What you need to consider:

- The purposes for which you need the images;
- Whether a press or professional photographer might be more suitable;
- Whether consent in advance for photography needs to be obtained from your participants (or parents / guardians, if appropriate);
- Whether a DBS check is needed;
- Whether or not you need permission from anyone else to invite me;
- How I am to gain entry to the setting.

As a keen amateur photographer, I have completed assignments for a variety of clients in Lincolnshire prior to moving to Devon in 2017. These include Action for Children; Adult Social Services; Age UK Lincoln (many); Amnesty; Alzheimers Association; The Arabic School; Caistor Heritage Centre; Dignity in Care; Family Focus; Hartsholme Cricket Club; Lincoln Business Improvement Group; Lincoln City FC Sport & Education Trust; Lincoln International Chamber Music Festival; Lincoln Health Walks; Lincolnshire Best Kept Villages; Lincolnshire Cooperative Development Association; Nettleham Woodlands Trust; Order of St John Care Trust; Oxfam; Primary schools (x3); Relate; Scothern Players; Skill Share Lincoln; and the Youth Hostels Association.
